Qualifications Guide Updates	16

Overview

The EAS Qualifications Guide has been developed under the direction of the Electrotechnical Assessment Specification (EAS) Management Committee, to provide supporting information to Appendix 4 of the Electrotechnical Assessment Specification (October 2021). This Guide is to be used by Enterprises, scheme applicants and Certification / Registration Bodies to identify relevant acceptable qualifications, as well as providing guidance for applicants when the required qualifications are not held or when qualifications held alone are insufficient.

Introduction

Table 4A defines the application routes for persons who undertake Electrotechnical work, in order to apply to become a Qualified Supervisor. Tables 4B to 4F list the relevant routes for each work category and specify the accepted qualifications.

Successful applicants will be able to demonstrate at Assessment the required combination of technical knowledge, occupational training and practical skills. This is usually achieved through completion of an industry-approved apprenticeship, or, for experienced workers, for example through accredited qualifications using the Experienced Worker Assessment, as well as Recognition of Prior Experiential Learning (RPEL).

It is acceptable to permit new applications from an existing or previously recognised Qualified Supervisor, provided that they:

- i) have been a Qualified Supervisor within two years of the application; and
- ii) can provide a letter or similar evidence from the previous scheme provider confirming their Qualified Supervisor status and the scope of work previously assessed, which must be equal to the scope of work being applied for.

A Qualified Supervisor applicant will need to have at least 2 years' evidence of responsibility for the technical standard of electrotechnical work and evidence of ongoing Continuing Professional Development.

Due to the complex historical qualifications landscape, this guide may not be exhaustive.

Qualifications referenced in Tables 4B to 4F may be evidenced by the individual providing their valid ECS card information (either ECS card number, image or CPD record) which can be freely verified using the ECS Check systems or CSCS Smart Check App. A current, in date ECS Registered Electrician Gold Card with the occupation of Installation or Maintenance Electrician, which will show the relevant version of BS 7671, should typically be sufficient to demonstrate the qualification requirements in Tables 4B to 4E. A grading of Approved Electrician may be sufficient to demonstrate compliance with the qualification requirements of Table 4F.

Where an ECS card is or has been held, ECS can verify if an individual's qualifications are sufficient when qualification certificates are inaccessible or unavailable. If a Certification / Registration Body wishes to develop an application programming interface into the ECS database for automated verification of qualifications held, further information can be sought by contacting ECS directly [here](#).

If an applicant's electrotechnical qualifications are not listed in the following tables, please contact the relevant Certification / Registration body for further guidance. The Electrotechnical Skills Partnership (TESP) also provides guidance on electrotechnical qualifications to individuals and organisations. Certification / Registration Bodies do not have discretion to accept qualifications that are not listed in Tables 4B to 4F. Any exceptions should be reported to the EAS Management Committee for consideration via the Certification / Registration Body. If a qualification is valid it will be added to this Qualifications Guide by the EAS Management Committee and published at the earliest opportunity. Contact details for the Certification / Registration Bodies are available [here](#).

Table 4A Overview of Applicable Minimum Technical Competence Requirements by Work Category

Work Category*	Underpinning Core Technical Competence		Wiring Regulations	Initial Verification	Periodic Inspection and Testing
	Dwellings	All			
A1 Electrical installations up to and including 1000 V AC or 1500 V DC	Table 4B	Table 4C	Table 4D	Table 4E	Table 4F
A1.1 Dwellings (BS 7671)	✓	✓	✓	✓	-
A1.2 Other than Dwellings (BS 7671)	-	✓	✓	✓	✓
A1.3 Temporary electrical systems (BS 7909)	-	✓	✓	✓	✓
A1.4 Dwellings - defined scope (BS 7671)	✓	✓	✓	✓	-
A2 Periodic inspection and testing					
A2.1 Dwellings (BS 7671)	-	✓	✓	-	✓
A2.2 Other than Dwellings (BS 7671)	-	✓	✓	-	✓

*For full details of the scope of the work categories above refer to Appendix 1 of the [Electrotechnical Assessment Specification](#).

Table 4B Underpinning Core Technical Competence, limited to dwellings only

Route	Recognised Qualifications or Equivalent
1	Level 3 Certificate in Installing, Testing and Ensuring Compliance of Electrical Installations in Dwellings
2	Industry-approved apprenticeship and recognised historical industry qualifications
3	Electrotechnical Experienced Worker Assessment, previously known as Mature Candidate Assessment, via the Recognition of Prior Experience and Learning (RPEL)

Table 4C Underpinning Core Technical Competence, all Electrotechnical Work

Route	Recognised Qualifications or Equivalent
1	Level 3 Electrotechnical apprenticeship, incorporating end point assessment of competence
2	Industry-approved apprenticeship and recognised historical industry qualifications
3	Electrotechnical Experienced Worker Assessment, previously known as Mature Candidate Assessment, via the Recognition of Prior Experience and Learning (RPEL)

Note: For those persons undertaking Assessment for work category A1.3 Temporary electrical systems covered by BS 7909 (as amended), as defined in Appendix 9 of the [Electrotechnical Assessment Specification](#), this route can be augmented by 'C&G 181 Entertainment and Theatre Electrician' or equivalent.

Other Required Qualifications

Unless included within a formal qualification defined in Tables 4B or 4C, the applicant shall also hold the following qualifications, in accordance with the requirements of Table 4A.

Table	Purpose	Qualification
4D	Wiring Regulations*	Level 3 Award in the Requirements for Electrical Installations: BS 7671 (as amended)
4E	Initial Verification*	Level 3 Award in the Initial Verification of Electrical Installations
4F	Periodic Inspection*	Level 3 Award in the Periodic Inspection and Testing of Electrical Installations

*Each of these awards may be achieved within a combined qualification(s).

TABLE 4B UNDERPINNING CORE ELECTRICAL COMPETENCE, LIMITED TO DWELLINGS ONLY

ROUTE 1 – CURRENT QUALIFICATIONS

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Certificate in Installing, Testing and Ensuring Compliance of Electrical installations in Dwellings	EAL	600/7695/1*
	LCL Awards	601/7876/0

*The last registration date for this qualification was 31/09/2022 and the certification end date is 31/09/2023.

ROUTE 1 – OLDER QUALIFICATIONS

Either no longer available to new learners or no longer awarded.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Certificate in Installing, Testing and Ensuring Compliance of Electrical Installations in Dwellings (QCF)	City & Guilds	600/7888/1
Level 3 Certificate in Inspection, Testing, Design and Certification of Electrical Installations	City & Guilds	100/3599/0

TABLE 4B UNDERPINNING CORE ELECTRICAL COMPETENCE, LIMITED TO DWELLINGS ONLY

ROUTE 2 – LEVEL 3 ELECTROTECHNICAL APPRENTICESHIP, OR EQUIVALENT, INCORPORATING END POINT ASSESSMENT OF COMPETENCE

Region	Qualification Title	AO/Qualification Code	Qualification Number
ENGLAND	<u>Level 3 Domestic Electrician apprenticeship standard incorporating end point assessment of competence AM2D and Level 3 Electrotechnical in Dwellings Qualification</u>	City & Guilds	
		EAL	
ENGLAND	<u>Level 3 Installation Electrician / Maintenance Electrician apprenticeship standard</u> , incorporating end point assessment of competence AM2S and Level 3 Electrotechnical Qualification (Installation) or (Maintenance)	<u>City & Guilds 5357</u>	<u>601/6299/5</u>
		<u>EAL</u>	<u>601/7345/2</u>
ENGLAND	Level 3 NVQ Diploma in Installing Electrotechnical Systems and Equipment (buildings, structures and the environment)	<u>City & Guilds 2357-13</u>	<u>501/2232/0</u>
		<u>EAL</u>	<u>501/1605/8</u>
WALES	Level 3 NVQ Diploma in Installing Electrotechnical Systems and Equipment (buildings, structures and the environment)	<u>City & Guilds 2357-13</u>	<u>501/2232/0</u>
		<u>EAL</u>	<u>501/1605/8</u>
WALES	Building Services Engineering (Level 3) - Electrotechnical Installation*	<u>EAL</u>	C00/4278/8
SCOTLAND	SVQ 3 in Electrical Installation at SCQF Level 7**	SQA	GK6J 23
ALL	Level 3 Diploma in Electrotechnical Studies and Practice (Military Engineering)*	Defence Awarding Organisation (DAO)	<u>603/2673/6</u>

*The achievement measurement competency assessment AM2 is also required.

**This will have included successful completion of the final integrated competence assessment (FICA).

The reference to **Region** above indicates where a qualification was available, the qualifications are acceptable for a Qualified Supervisor operating in any region of the UK.

TABLE 4B UNDERPINNING CORE ELECTRICAL COMPETENCE, LIMITED TO DWELLINGS ONLY**ROUTE 2 – OLDER QUALIFICATIONS – EITHER NO LONGER AVAILABLE TO NEW LEARNERS OR NO LONGER AWARDED**

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 NVQ in Electrotechnical Services - Electrical Installation (Building and Structures)	City & Guilds 2356	100/2854/7
	EAL	100/4720/7
Level 3 Diploma in Electrotechnical Services	EAL	500/3526/5
	Lantra Awards	100/3104/2
Level 3 IVQ Advanced Diploma in Electrical Installation*	CITY & GUILDS 6161-27	500/6029/6
Level 3 NVQ Diploma in Electrotechnical Services (Maintaining Electrotechnical Systems)	EAL 1604	501/1604/6
Level 3 NVQ Electrotechnical Services (Installation, Buildings and Structures)	SQA	G7NY 23
NVQ Level 3 Electrical Installation Engineering*	City & Guilds 2350	
NVQ Level 3 in Installation and Commissioning Electrotechnical Systems*	City & Guilds 2355	Q1052155
Electrical Installation Course Work (A and B Certificates)	City & Guilds	N/A
Level 3 Certificate in Electrical Installation Work C Course	City & Guilds	100/1291/6
Installing and Commissioning Electrotechnical Systems: Electrician at Level 3**	SVQ	
SVQ Electrotechnical Services (Electrical Installation Building and Structures) Level 3**	SVQ	
SVQ Electrical Installation Level 3**	SVQ	G9FA23
SJIB Craftsman Certificates*	SJIB	
The Course B Certificate in Electrical Installation Work (51B) - issued from 1970 – 1980	City & Guilds 51A and 51B	
The Part Two Certificate in Electrical Installation Work* - issued from 1980 – 1990	City & Guilds 2361 / 2362	
The Part Two Certificate in Electrical Installation Competencies* - issued from 1990 – 1992	City & Guilds 2367 / 2368	
Electrical Installation Theory and Practice* - issued from 1993 – 1999	City & Guilds 2360	
Electrical Installation Competencies Part 2* - issued from 1993 to 1999	City & Guilds 2360	

*The achievement measurement competency assessment AM2 is also required.

**This will have included successful completion of the final integrated competence assessment (FICA).

TABLE 4B UNDERPINNING CORE ELECTRICAL COMPETENCE, LIMITED TO DWELLINGS ONLY

ROUTE 3 – EXPERIENCED WORKER

This route is used where the scheme applicant does not fit into Route 1 or 2. If this entry route is utilised for an applicant, then the applicant MUST hold the Experienced Worker qualification and the appropriate industry achievement measurement competency assessment (AM2 or AM2E). The Experienced Worker Assessment is aligned to the Level 3 Electrotechnical apprenticeship standard, it recognises existing industry work experience and prior learning carried out to date. The Experienced Worker Assessment is only for individuals who have been working in the electrotechnical industry as a practicing electrician for a minimum of 5 years full-time and are able to demonstrate relevant on-site evidence of performance in their current role.

ROUTE 3 - CURRENT QUALIFICATIONS

This is the [Electrotechnical Experienced Worker Assessment](#). Registrations start date July 2020.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Electrotechnical Experienced Worker Qualification*	City & Guilds 2346	603/6294/7
	EAL	603/5982/1

*The achievement measurement competency assessment AM2E is also required.

ROUTE 3 - OLDER QUALIFICATIONS

This is the former JIB Mature Candidate Assessment Process. Registrations end date November 2020.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 in Electrotechnical Services Experienced Worker*	City & Guilds 2356-99	N/A
	EAL	N/A

*The achievement measurement competency assessment AM2 is also required.

Electrical Installation Competencies Part 2* - issued from 1993 to 1999	City & Guilds 2360	

*The achievement measurement competency assessment AM2 is also required.

**This will have included successful completion of the final integrated competence assessment (FICA).

TABLE 4C UNDERPINNING CORE ELECTRICAL COMPETENCE, ALL ELECTROTECHNICAL WORK

ROUTE 3 – EXPERIENCED WORKER

This route is used where the scheme applicant does not fit into Route 1 or 2. If this entry route is utilised for an applicant, then the applicant MUST hold the Experienced Worker qualification and the appropriate industry achievement measurement competency assessment (AM2 or AM2E). The Experienced Worker Assessment is aligned to the Level 3 Electrotechnical apprenticeship standard, it recognises existing industry work experience and prior learning carried out to date. The Experienced Worker Assessment is only for individuals who have been working in the electrotechnical industry as a practicing electrician for a minimum of 5 years full-time and can demonstrate relevant on-site evidence of performance in their current role.

ROUTE 3 - CURRENT QUALIFICATIONS

This is the [Electrotechnical Experienced Worker Assessment](#). Registrations start date July 2020.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Electrotechnical Experienced Worker Qualification*	City & Guilds 2346	603/6294/7
	EAL	603/5982/1

*The achievement measurement competency assessment AM2E is also required.

ROUTE 3 - OLDER QUALIFICATIONS

This is the former JIB Mature Candidate Assessment Process. Registrations end date November 2020.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 in Electrotechnical Services Experienced Worker*	City & Guilds 2356-99	N/A
	EAL	N/A

*The achievement measurement competency assessment AM2 is also required.

TABLE 4D WIRING REGULATIONS

Current Level 3 Award in the Requirements for Electrical Installations: BS 7671 (as amended)

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Award in the Requirements for Electrical Installations BS 7671:2018	City & Guilds 2382-18*	603/3319/4
	EAL*	603/3298/0
	LCL Awards**	603/3132/X
	BPEC	603/3430/7
Customised Award in Requirements for Electrical Installations to BS 7671 (18th Edition) (2018)	SQA [SELECT]	

*Each of these awards may be achieved within a combined qualification(s).

**LCL Awards is a trading name of Logic Certification, qualifications may have been previously issued in this name.

TABLE 4E INITIAL VERIFICATION

Current Qualifications

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Award in Initial Verification of Electrical Installations	<u>City & Guilds 2391-50*</u>	<u>603/1241/5</u>
Level 3 Award in the Initial Verification and Certification of Electrical Installations	<u>EAL*</u>	<u>600/4337/4</u>
	<u>LCL Awards**</u>	<u>601/5929/7</u>
Level 3 Award in Initial and Periodic Inspection and Testing of Electrical Installations	<u>City & Guilds 2391-52</u>	<u>603/1275/0</u>
Level 3 Award in Electrical Installation Inspection, Testing, Certification and Reporting	<u>EAL</u>	<u>603/2625/6</u>
Level 3 Award in the Initial Verification, Periodic Inspection, Testing, Condition Reporting and Certification of Electrical Installations	<u>LCL Awards**</u>	<u>601/5928/5</u>
Level 4 Award In the Design and Verification of Electrical Installations (QCF)	<u>City & Guilds 2396-01</u>	<u>600/3722/2</u>

*Each of these awards may be achieved within a combined qualification(s).

**LCL Awards is a trading name of Logic Certification, qualifications may have been previously issued in this name.

TABLE 4E INITIAL VERIFICATION

Older Qualifications – Dwellings only

Either no longer available to new learners or no longer awarded.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Award in Approving Electrical Installation Work in Dwellings in Compliance with Building Regulations	City & Guilds 2397-1	<u>600/7880/7</u>
	<u>EAL</u>	<u>600/7859/5</u>
Level 3 Certificate In Installing, Testing and Ensuring Compliance of Electrical Installations in Dwellings	City & Guilds 2397-30	<u>600/7888/1</u>

TABLE 4E INITIAL VERIFICATION**Older Qualifications – All Electrotechnical Work** - Either no longer available to new learners or no longer awarded.

Qualification Title	AO/Qualification Code	Qualification Number
Level 3 Award in the Initial Verification and Certification of Electrical Installations	City & Guilds 2394	<u>600/3785/4</u>
Level 3 Certificate in the Design, Erection and Verification of Electrical Installations Part 3	City & Guilds 2400-01	<u>100/2562/5</u>
Level 3 Award in the Initial Verification and Certification of Electrical Installations (QCF)	Logic Certification	<u>600/7248/9</u>
Level 3 Award in the Initial Verification and Certification of Electrical Installations	City & Guilds 2391-01	<u>600/3785/4</u>
Level 3 Diploma in Electrical Testing and Commissioning	EAL	500/2040/7
Level 3 Certificate in Inspection, Testing, Design and Certification of Electrical Installations	City & Guilds	<u>100/3599/0</u>
Level 3 Certificate in the Certification of Electrical Installations (design, erection and verification of electrical installations)	City & Guilds 2391-10	<u>500/3517/4</u>
Level 3 Diploma in Inspecting and Testing Electrotechnical Systems and Equipment	EAL	500/3542/3
Level 3 Certificate in Design, Erection and Verification of Electrical Installations	City & Guilds 2391-20	100/2562/5
Level 3 Certificate in Inspection, Testing and Certification of Electrical Installations	City & Guilds 2391-01/08	100/1293/X
Level 3 Certificate in Design, Erection and Verification of Electrical Installations	City & Guilds 2391-02	
NAPIT Certificate in Inspection and Testing	NAPIT NA2391	
NAPIT Certificate in Inspection and Testing	NAPIT NA2391-5	
SQA [SELECT] Customised Award in Initial Verification of Electrical Installations to BS 7671: 2008 (2011) (17th Edition)	<u>SQA [SELECT] 209</u>	
SQA [SELECT] Customized Awards Initial Verification of Electrical Installations to BS 7671 (New Installations and additions or alterations)	<u>SQA [SELECT]</u>	
SQA [SELECT] Design and Verification of Electrical Installations	<u>SQA [SELECT]</u>	
SQA [SELECT] Tailored Award in Design and Verification of Electrical Installations	<u>SQA [SELECT]</u>	

TABLE 4F PERIODIC INSPECTION**Current Qualifications**

Qualification Title	AO/Qualification Code	Qualification Number

SQA [SELECT] Customised Award in Inspection and Testing of Electrical Installations to BS 7671: 2008 (2011) (17th Edition)	SQA [SELECT] 214	
SQA [SELECT] Customised Award in Inspection and Testing, including Periodic Inspection	SQA [SELECT]	

Insufficient Qualifications

This section lists technical knowledge qualifications that are commonly presented by applicants but, held alone, are insufficient. Technical knowledge qualifications are important to demonstrate understanding. However, the guiding principle is that qualifications are required which evidence sufficient workplace performance with robust assessment to demonstrate occupational competence, in line with recognised industry standards.

Qualification Title	AO/ Qualification Code	Reason	Notes
Certificate in Electrotechnical Technology - Level 3	City & Guilds 2330	These are classroom-based technical knowledge qualifications. They are part of / a pre-requisite to acceptable work-based evidence qualifications, such as the Installation / Maintenance Electrician apprenticeship, Level 3 NVQ with AM2 or the Experienced Worker Assessment (EWA) all with the relevant version of AM2 (AM2S, AM2 and AM2E respectively).	Refer to the Electrical Careers website for further guidance – see below for link
Certificate in Knowledge of Electrical Installation Engineering - Level 3	City & Guilds 2351		
Diploma in Electrical Installations (Buildings and Structures)	City & Guilds 2365		

Guidance on industry approved training routes and suggested next steps to obtain further recognised qualifications to apply to a Certification / Registration Body can be found on the Electrical Careers website – <https://www.electricalcareers.co.uk/>

The Electrotechnical Skills Partnership (TESP) also provides guidance on electrotechnical qualifications to individuals and organisations.

Qualifications from outside the UK

When an QS applicant has been trained outside the UK they need to demonstrate that they have fully met the same UK qualification standards as if they had been trained in the UK.

The Electrotechnical Skills Partnership (TESP) and ECS have developed a new service with the qualifications recognition body Ecctis (formally known as UK Naric), that will map non-UK electrical qualifications against the specific knowledge requirements of the Experienced Worker Assessment referenced in this Qualifications Guide.

The Electrotechnical Experienced Worker Assessment enables those who trained outside of the UK to demonstrate they meet the requirements of the relevant underpinning core technical competence referred to in Table 4A of this Guide.

In many cases, the applicant's existing qualifications will be recognised. However, in all cases, existing qualifications must be assessed and verified that they meet the same criteria as the UK requirements by taking the Ecctis Electrotechnical Skills Statement.

The service will provide the QS applicant with an 'Industry Skills Statement' – further information can be found here - <https://www.ecctis.com/Qualifications/SOCCS/Default.aspx>

There will be no exemptions from the practical performance elements – even if the QS applicant has significant practical experience of working overseas, they will still need to be working in the UK to complete the practical elements of the Experienced Worker Assessment. Practical assessments must be completed using work within the UK which can be verified/observed.

Qualifications Guide Updates

Date	Update	Page	Note
11/21	Added 'Approved' to industry apprenticeships in Table 4B Route 2	4	Text added to align text with existing text used in Table 4C Route 2
11/21	Added Installing and Commissioning Electrotechnical Systems: Electrician at Level 3 SVQ in Table 4B Route 2	7	Qualification no longer awarded
11/21	Added Installing and Commissioning Electrotechnical Systems: Electrician at Level 3 SVQ in Table 4C Route 2	10	Qualification no longer awarded
11/21	Added C&G 2391-01 Level 3 Award In the Initial Verification and Certification of Electrical Installations to initial verification qualifications Table 4E	13	Qualification no longer awarded
11/21	Added EAL Level 3 Diploma in Inspecting and Testing Electrotechnical Systems and Equipment to initial verification qualifications Table 4E	13	EAL qualification was an alternative to C&G 2391 and qualification no longer awarded
