**Stephen Davies**  
Director : Stephen Davies Electrical

Thank you for your enquiry regarding BS 7671 - 19<sup>th</sup> Edition.

The IET co-publishes BS7671 with the British Standards Institution (BSI) and is the authority on electrical installation. We run JPEL/64, (the national Wiring Regulations committee), with representatives from a wide range of industry organisations.

The committee takes on board information from international committees and UK specific requirements, to ensure consistency and improve safety throughout the UK electrical industry.

The decision to bring out each new edition of BS 7671 on an annual basis was taken in conjunction with a number of organisations including the NICEIC and Napit. In order for existing participants of the Competent Persons Scheme (CPS) to maintain their registration they will be required to hold the latest BS 7671 qualification, meaning a yearly course, currently BS7671:2018 (C&G 2382-22).

In order to achieve consistency, each new BS 7671 edition will be brought out annually on April 1<sup>st</sup>.

Kind regards,

**Holly Nicholls**
