- Factory fitted bulkhead with opening window
- VW mats
- VW seat covers
- VW Caravelle wheel covers
- Mud flaps
- Slam (dead) locks for rear and side doors
- Rear fully racked out (done by Panel Line Exeter, they do all the installs for the VW main dealer Exeter : cost me £700, not in ply.... done in high composite resin and aluminum - very durable and looks smart!)

**Maintenance:**

- Discs and pads have been changed all round within last 12 months

**Other stuff:**

- Before sale it will be fully valeted
- Bodywork is in a reasonable condition, a few cosmetic marks here and there, the odd stone chip and bumper scuff which cant always be helped
- Brought the van 18 months ago at 26,000 miles, from a work colleague who had brought it from new. So know the full history, only light use by me an electrician and he is a kitchen fitter.
- Any inspection welcome by your own mechanic, AA, RAC etc

**Price:** £9500+vat ono (sorry no PX I already have another T5 on the way)
